Address: **Taylorville**
Price: **Free**

Lee Classic Turret Reloading set. Includes multiple dies (3 sets), lee reloading guide/book, scales, caliper, brass cleaner, and other items included. Cost was around \$650 for everything I have and I am asking \$300. Dies include 44 Mag, 45 Colt, and 357/38. All of these die sets come already inserted into the aluminum rotary die holder that holds the four dies. This is a simple to change out reloading process from one setup to another as you just remove the rotary die disk by lifting it out and inserting the next one that is already setup.

If interested text me at 217-361-4757.
